

## LEGISLATIVE OUTREACH

Community Bankers Association of Illinois  
*Department of Governmental Relations*

### **ACTION ALERT – Urge Congress to Pass Meaningful Regulatory Relief Legislation Now!**

CBAI is encouraging all community bank officers, directors and staff to ask Congress to work on a bipartisan basis to pass meaningful regulatory relief for community banks. There are several bills under consideration in the United States House and Senate that were included in the ICBA's Plan for Prosperity and were lobbied directly by Illinois community banks during CBAI's 2015 Call on Washington.

As an Illinois community banker and a valuable member of your community, you have real influence with your members of Congress. Now is the time to use it! We need your engagement. A prepared message is available in the following link for you to quickly send via email, and we ask that you forward this Action Alert to your employees and directors for their participation as well. **[PLEASE ACT NOW!](#)**
